### Alberta's Council Rules The leader of the National Federal party, P. J. Clooney, was escorted from the House when it was learned **Gateway Editor Sits** McGill Students Plan Honorable member from Potter, Student Court Of Justice

Gateway editor, Joe Clark, was thwarted in his bid to resign his seat on Students' Council at the regular meeting Tuesday night.

Clark's attempt to relinquish his seat met with sharp opposi-tion from the majority of Coun-cil's members. Alex McCalla, ag rep, declared he did not see one

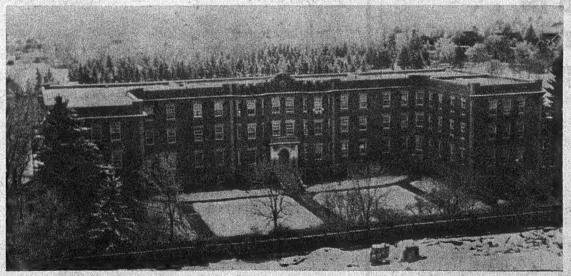

advantageous reason why Clark advantageous reason why Clark should give up his seat and P. J. Clooney, NFCUS rep, stated it "would be a tragedy" if action such as this was taken. He also said this was a "selfish attitude" on the part of the editor.

Mary Galbraith, vice-president, felt that if The Gateway was to represent the largest possible cross section on the Campus, a better place could not be found where students representing all currents of opinion met. Countering this statement, Clark maintained his own news staff fulfilled this position adequately.

Clark stated he did not wish to be bound to all decisions or preserve Council unanimity as a result of Council deliberations. NFCUS rep, P. J. Clooney, rebutted, stating that since Clark does not hold a vote he is free to express his views in The Gateway.

Clark stated he fears his position could be used to influence Gateway could be used to influence Gateway policy by Council and the administration. He wanted to protect the press from outside control. He added "I am responsible for every word in my paper, and I accept this responsibility."

He further stated he is generally unable to attend Council because press night falls the same night as. Council. Since the position of editor requires a great deal of time an editor cannot afford the extra time taken to sit on Council he added taken to sit on Council, he added.

Assiniboia hall, shown above, will soon be missing from the campus landscape. It will be torn down this spring to make way for a proposed new Education building.

## Manitoba's Bisons Convincing Thrashing Basketball Bears

of a bleak, arduous winter Saturday feast—the game was tele-loomed for the University of cast throughout the western pro-Alberta's basketball Golden Bears over the weekend.

Steve Mendryk's Bears, defending WCIAU basketball Bears, as well as out-shooting them. champions, were convincingly and unceremoniously thrashed by a potent crew of University of Manitoba Bisons in a pair of games Friday and Saturday at

the U of M field house.

The gory details were: Manitoba 76, Alberta 53 (Friday);

vinces.

The Manitobans showed a sharp-shooting, well-balanced outfit that outplayed and out-rebounded the

The Bears suffered from lack of height, and were unable to get loose on their close plays. They were forced to shoot from far out much of the time, and their shooting was not accurate enough to keep them even with the home squad.

UBC Thunderbirds, who trounced Manitoba 83, Alberta 59 (Saturday).

Saskatchewan Huskies twice in Saskaton, are tied with Bisons atop the loop, while Huskies share the

The struggle to get out of the celar should be resolved this weekend when Bears host Saskatchewan at the University gym Friday and Satur-

day nights.
The script was similar in both Bear-Bison games: Bisons took com-mand early, and never looked back. They lengthened their lead as the games progressed.

Centre Harry Beleshko and forward Jack Hicken were Bears' big guns. Beleshko, improving every time out in his new pivot slot, sank 18 Friday and another 12 Saturday. Hicken, consistently one of Bears most dangerous men, tallied 14 Friday and 21 Saturday.

Field goal shooting averages told much of the story. Bisons canned 45.2 per cent in the first game, and 41.2 in the Saturday affairs.

Bears, who had trouble adjusting to the wooden backboards after the glass at University gym, count-ed on 25.4 per cent from the field Friday and 28.4 Saturday.

### Thou Shalt Sit!

Students' Council Tuesday night voted to keep the editor of The Gateway in his nonvoting seat because it could see no reason why he should not sit there. It thought it saw several reasons why he should.

We will recapitulate the reasons that Councillors thought they saw, and shall point out to

them again the one they missed.

Council feels The Gateway editor should sit at its meetings because he is the controlling officer of an organization which consumes several student dollars. Since he is an editor, Council sees itself as a publisher, to who the editor should be accountable, always accountable.

Council also feels that since the editor heads one of the major organizations of the Student's Union, he should sit on the Council which is the co-ordinatng center of that Union. Council should always be aware of what he and his paper are doing, in case it should have to ac-

count to some higher, or mightier, authority. And Council feels that, through his attendance at its meetings, The Gateway editor can tap the cross sections of campus opinion, and thus produce a more informed, more acceptable

newspaper.

In effect, they argue that The Gateway is different from other Students' Union organizations using Union funds, in that it should always be sitting on Council, ready to report. They argue that the editor must be there to interpret what his newspaper has said, or perhaps to preview what his editorial stand is going to be. And they argue that Council is a fountainhead of information which the editor, with his staff of reporters, cannot tap elsewhere.

The argument tossed aside by the student representatives was that the editor's seat jeopardizes the freedom of his newspaper. Council members failed to see how the editor's very seat is physical evidence of the control which Council holds over him.

They can perhaps be excused for not comprehending this danger. It is a danger which cannot be placed on a table and touched, as are all dangers to freedom intangible things.

But the editor's seat — this non-voting seat which exists so that he may report — is unnecessary evidence of the control vested in Council. To the editor, who knows the value both of the position and of the seat he holds, that evidence is of little consequence. But to Council, which likes to reach out and touch things, it is a temptation which at some later time might bring abridgement of the freedom of the student press.

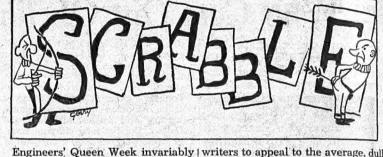

That freedom must not be abridged. It is in the long-range interest of Council and of journalism that a responsible student press be left

unhindered by its "publishers."

Unfortunately, maintaining a strictly free press is the trust of the newspaper alone, and not of Council. Council has other trusts, sacred to them, and separate from those of the newspaper.

The Gateway has been foiled again in its efforts to be officially removed from Students' Council. Examining both the accepted responsibilities of journalism, and the imposed responsibilities of Council membership, we will revert to old practice.

That official seat will be unoccupied.

eads to a clash between the slide rule gang and the Bloomsbury group, the closest thing to a Cecil B with the end result being bad feeling, mayhem, martyrdom, and the good ole' wishy-washy U of A. A occasional broken nose. Other than cast of thousands (each person takes that, it's just good clean fun. After all, the Plumbers have to protect their Teen-age Queens (as advertised in all current rock and roll songs), and anyone who sticks his nose into other people's business is liable to get it broken. The Artsmen argue that it is their solemn duty to rescue said Queens from the exhibitionism to which they are subjected by the Bluejackets. And so the battle rages each year, and the only group that ever comes out on top are the Queens. Which all goes to prove that wimmin' are no damn good!

However, there is one practice that is condoned neither by the Engineers or the Artsman, and that is the rotten act of photo stealing and display wrecking. Advertising displays cost the Plumbers many sheckels, and any grubby, immature moron who stoops to tearing down said displays should be cut up in little pieces and sent in envelopes to his friends, if mighty soon. So bring your lunches

University mind. The show itself is cast of thousands (each person takes twenty parts) and in full technicolor, too. No plot, but lots of action. The members of the cast are tremendousenthusiastic, and with a little effort might even learn their lines and stand up straight.

Seriously, though, these people are really knocking themselves out to put on a good performance, but no matter how much time and effort they put into turning on the only bright light of Varsity Guest Week-end there will be the usual bunch of slobs who will make a point of pro-claiming to one and all how lousy the show was etc. etc. etc. Everybody likes to be a critic, at the expense of somebody else. Life can be miserable.

Late Flash: Promotions Committee and lets all have a cheer for who-Varsity Varieties has more than its ever the Hell we're meant to be cheering for. Don't get indigestion, usual share of corn this year, due and no smoking please. Damn the mainly to the desire of the script- apathy and full speed ahead.

### No Control

The editor of The Gateway, because he believes that a free student press should be as independent as possible of the bodies of student government, requested that he no longer be required to sit on Students' Council.

Council answered his request by stating

that never has there been instance of Students' Council exercising control over The Gateway editor, or the way he runs his newspaper.

So Council said: "no, sir, you may not re-linquish your seat," thus illustrating their point that Council never controls the way The Gateway editor runs his newspaper.

#### Coddled Queens

After Charles A. Lindbergh had tired of being a national flying hero, he and his wife decided to get together and have a little Lindbergh. So they did.

And one day this little Lindbergh was stolen, thus touching off one of the most publicized and talked-about kidnappings of any century. There were many news-worthy aspects of the Lindbergh kidnapping. But to us who learned our kidnapping at the University of Alberta, there is one especially notable

detail about the case. At no time before the child was stolen did

anybody phone a Dean of Women anywhere. and promise to keep the child on his formula, see that he was entertained, or even so much as promise to trot him back when the Dean wanted him.

Now that sort of kidnapping is downright unethical. It falls sadly below the standards of kidnapping at the University of Alberta.

Monday noon, one of the candidates for Engineers' Queen of the University of Alberta was "kidnapped" off the top floor of the Students' Union building. If that "kidnapping" went according to regulation, the Dean of Women was assured that this girl - this adventuresome bloom of beauty and youth who had agreed to enter the traditionally rough-andtumble Engineer's Queen race - would spend the night alone in a comfortable bed overseen by competent and responsible kidnapper's parents, would be well fed and regally entertained, and would be returned with nary a hair rumpl-

This is the thoughtful sort of treatment that kidnapped kids are given by University of Alberta kidnappers. There's no chance of danger, no chance of real inconvenience. About 18 to 18 to 18 to 19 t no chance of real inconvenience. About the worst thing that can happen to a Queen candidate is that she might be recaptured, and have to go back to smiling at engineers.

It is obvious that there were irregularities in the kidnapping of the Lindbergh lad. And we will be gee-whizzed if there are to be any irregularities, or any dangers, or any excitement, about our kidnappings.

### Speechless

When Lynn Patrick was informed he had been appointed class valedictorian he said: "it is hard to find words." We hope he does.

With Song Fest coming up in two weeks, I could not help but notice an article in The Gateway concerning the disposal of proceeds from Song Fest. The Ex-servicemen's Children was a worthwhile convenience of the class as trouble getting unstuck from their band-aid classes", we anxiously keep half an eye peeled for pertinent notices while sailing through the halls (no luck).

Between you and use the class as trouble getting unstuck from their band-aid classes", we anxiously keep half an eye peeled for pertinent notices while sailing through the last of the class as trouble getting unstuck from their band-aid classes." We anxiously keep half an eye peeled for pertinent notices while sailing through the last of the class as trouble getting unstuck from their band-aid classes." We anxiously keep half an eye peeled for pertinent notices while sailing through the last of the class as trouble getting unstuck from their band-aid classes.

was a worthwhile cause, but rearly, since when is a television set, given to a needy family, charity!

Just the other day I read an article about a little boy who had fainted in a school yard and when he came to, his teacher asked him why he was not feeling well. The six-year old then replied that it was

not his turn to eat today.

A needy family needs a TV set just as much as this campus needs fraternities. I would suggest that the Interfraternity Council make a wiser choice as to how this money may be disposed of.

A "Sorority" Girl

### Hidden

To the Editor:

We are a group of approximately fifty students, eligible to join one of the campus clubs, but we can't find

we were given a slip of paper giving details of the club and inviting us to huberant cheers from the students. tion, but, I presume, due to a mixup in time arrived two hours too late.

Since then, in an effort to find the Graduate Society, we have eagerly examined The Gateway cover to ing (no success), looked through our that morning. The first possibility that morning. The first possibility is unlikely because of the law of other club but this one is listed), and averages. The second one doesn't cover looking for a notice of meet-Joe's College, where we have most of our class (not a single poster of theirs seen yet). Also, because some comic books or played marbles or of us have one course over in the anything. Arts Building, where our dear Sociology professor explains our tardi-

In the spring of this year cement had to be heated. This Assiniboia hall, originally built was done by piling gravel over in 1912, will be torn down to steel culverts and burning all demolished by the latest in construction equipment, quite a for the building by hand. The contrast to the one hundred granite base was laid in April were partitioned off to make them were partitioned off to make them. men with shovels, and a few and the building finished by completely student residences, much horses and wagons which exOctober." This is the way as they are at the present time. Assiniboia began its forty-eight years on the University of Alberta campus as described middle of Farm Young People's

Soon after its completion, the President's and the Registrar's offices were moved into the hall. At this time, the President was Dr. H. M. Tory and the Bursar, Mr. C. E. Race.

Many of the present campus institutions had their start in Assiniboia. Mr. Burrows, the first librarian of the University, had his library located, with the stack rooms, in the north end of the basement. The extension department also had its start in the basement of Assiniboia along with the bookstore, post office, and printing department. Para-doxically, Wauneita got its start in the Assiniboia Men's residence. Their first lounge was also in the basement.

When the Arts building was com-pleted in 1915, most of the classes and labs which had formerly been in make way for a new Education building. The building will be March, 1912, the stonemasons Assiniboia and Pembina were moved

This is the way as they are at the present time.

by Reg Lister in his book "My Forty-five Years on the Campus".

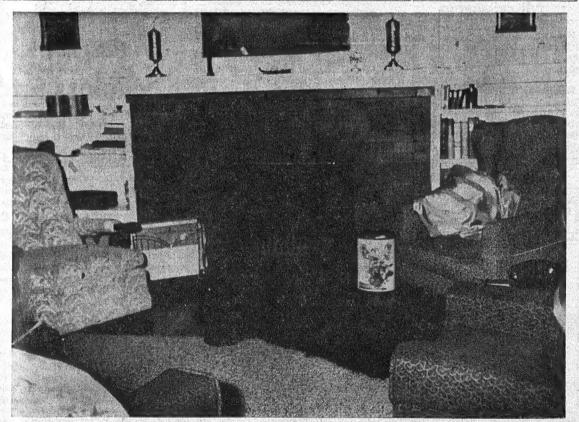

Soon after its completion, the President's and the Registrar's offices were moved into the hall. At this time, the President was Dr. H. M. Tory and the Bursar, Mr. C. E. Race.

The largest number that was ever barracked in the residences was 1,200 men.

Following World War II, Assiniboia had some repairs done on it, and with Pembina and Athabasca overflowing, students were billeted in double tiered bunks until August of 1946. Since then things have been

very much normal.

The end of Assiniboia will see the beginning of six new men's resid-ences, likely to cost more than ences, lil \$7,500,000.

The warden of Assiniboia Hall has a suite of rooms on the first floor of that residence. This photograph shows a view of his living room, which includes a fireplace among its appointments.

# An Artsman's Commentary Un Engineernapping

By An Artsman

The stage is set. The time: 1:10 pm., January 19. Place:

At the table nearest the door sit four artsmen of superior in-telligence cunningly disguised Simian chuckles of enthusiasm. as engineers. They communicate back and forth with gutteral grunts as they endeavor to engineers who sit at the next cipation. table playing Old Maid.

One of the engineers is a marked man, even as Cain was. He sits there unsuspecting. He pops a piece of bubble gum into his mouth and begins to recite poetry: "Hey diddle diddle, the engineer and the fiddle." His cohorts are amazed at the trembling hero. originality of his poem.

"You're next line to be a king, there cat," garbles his friend across the table as he furtively deals from the bottom of the deck.

"We're the Actions Committee from the third and fourth year engineering class," is the curt reply.

The clever minds of the artsmen quickly devise a scheme by which terror as the black limousine roars the abduction of the marked man, past the Drill hall to the torture er pardon, engineer,is to take place.

Suddenly at 1:19 the engineers gather up their deck of cards, spit their gum into the ash tray and gather up their books.
"Yo ho ho, to class we go,"

says the marked man and again his friends are amazed at his quick, original verse. After carving a quick "I hate artsmen," into the table our hero is ready to go.

given at the 7 am. Mass on both Monday and Tueşday.

LSA Fireside will be held at 9 pm. Sunday. Dr. Hostetler will speak on the Amish at the Luthern Students' Centre, 11143-91 Ave.

### Sports Board

As the landlady opens the door he should look her deserve. straight in the eye and ask: "Madam, what is your total view of the Universe?" For on the answer to that question would depend the quality of bed and bacon.

"We are," continued Dr. Rog-ness, "like people living in a

house without knowing how we got there, or who the landlord is, or why we're there in the first place. We have to know who we owe rent to in order to live comfortably in the house. some say the owner is up in the attic, but no one has seen him or knows what he wants of his ten-

"Have we been cheated or defrauded by being born into existence, or have we been honored?", asked Dr. Rogness. To know the answer to that question, we have to know who's in the attic. The Greeks postulated many gods, whose main characteristic was whimsy and arbitrariness. That is the reason the Greeks invented tragedy: The hero is guilty through the fault of the gods, not through his own.

Another answer is that there is no one there. 'God is dead', said Nietzsche a century ago. 'He is a cargo of superstition that drags man down to the level of beasts. "If God is selves to God become warped and at-

theistic. There is one God, and He is the God of Law and Righteousness. Ban's virtue is rewarded and his vice punished; what you get is what you This was a great solution

solve the problem of Job, of the righteous man visited with affliction. It leads to an indifference to human suffering: for that is God's will. And ultimately it damns man? man is the debtor of God, and he cannot pay

Jesus Christ is the true unblurred image of God, said Dr. Rogness. He is the one who pays the debt, and thereby lays claim to a man's life. The image of Christ has many impli-cations about human life. To arrive at these truths we rely on the witness of Christ as found in the Bible. "We risk being captured by this book instead of capturing it", said Dr. Rogness. This reflects the paradox of the Christian, who is captured by Christ that he may be

## Campus Political Battles Conclude

The Liberal party on cam-ment, and the bills which it was pus, with Jim Coutts as Prime going to present. Minister, last week survived three nights of Model Parlia- tion which would decrease defence ment. Although lacking a expenditures and establish Canada's majority, the Liberals defended position in the world arms race. Next their proposals, with the help Code which would abolish capital of opposition members in unofficial coalition.

The fifth Model Parliament of the University of Alberta con-lishment of a Royal Commission to investigate the Eskimo and Indian vened Monday night, at Convocation hall. The first session opened with the Speech from ability, changes in agricultural policy which would provide more foreign markets, tax law changes to increase General Elmer Roper, Mayor of General Elmer Roper, Mayor of University students' exemptions, Edmonton. The House was pre-changes in the Rutherford library sided over by the Speaker of the House, Bernie Adell.

Outlined in the Speech from the Throne were the aims of the newly-formed Liberal govern-

The first was the defence resoluwas an amendment to the Criminal punishment.

Other bills to be presented were changes in the Narcotics Act, estabsituation, educational assistance to students with better than average hours, and a raise in student nurses salaries

Following approval, the bill on defence, a government resolution, was given first reading. This 5point resolution would, if passed,

disarmament, and consolidate Canada's three armed services, which would be used exclusively in Canada and in the UN police force. This force would include all armament with the exclusion of atomic weapons.

An amendment to the Opium and Drugs Act was the next bill present-ed. It made provision for increased prison terms for drug-peddlars and a compulsory cure treatment for addicts

The third bill proposed was an amendment to the Criminal Code concerning capital punishment, which was to be abolished.

The rest of the session was devoted to private member bills.

The PC party presented a bill which would illegalize alignment of foreign unions with those of Canada, including the financing of Canadian

An act to enfranchise Canada's Indians was moved by the CCF

A member of the Social Credit party then proposed a bill whereby Canada's grain would be exchanged for the services of educational organizations of Europe and Asia to train Cana-dians and facilitate their research.

The Communist party introduced a esolution which would prohibit the storage, testing, or use of nuclear weapons in Canada.

The second session of Model Parliament opened with the second reading of the Labor Union bill. This bill, which would remove all foreign control from Canadian Labor unions, was opposed by the Minister of Labor, Al Smith, who felt that there was no control by American unions but it was necessary to have affiliation because of

our north-south ties.

Further contesting evidence was given by representatives of other parties. It was generally agreed that affiliation would not hurt Canadian Labor. Ted Bond of the PC party stated, "Those voting against it are

the bill defeated with the Liberals unaminously against it.

The Social Credit bill on grain exchange for foreign scholarships was bombarded with heavy opposition from almost all parties. The bill took long in discussion and was finally talked out of the house.

Second reading was given to the CCF bill for enfranchisement of the Indians. After some discussion, it passed. The house went into a Committee of the Whole during which small changes were made in the wording of the bill.

The Liberals opened the third session with the second reading on the bill on the defence policy. Conserva-tives in opposition stated, "We can pray for peace, but we must still remain a power of military strength."

They claimed that this bill will effect the end of Canadian contributions to NORAD and NATO.

The Liberals, in support of the resolution, maintained that de-fence will be more mobile and that there will be better co-ordination in all lines of defence. The bill, when put to vote, was

approved.

The amendment to the Opium and Drug Act was then given second reading and after little debate was approved.

Another Liberal bill, to abolish capital punishment in Canada received second reading, but the House closed before the bill could be taken to a final vote.

Council Notes

A committee to receive tenders for Evergreen and Gold pictures was established by Council Tuesday night. Bids will be received from Edmonton and Calgary, although the tender will be advertised to give other printers notice.

A suggestion that a browsing library be established in SUB was squelched in Council.

### One Dollar Buys **Concert Seat**

A concert of four sections will be presented by the University Mixed Chorus on January 25, 26 and 27 in Convocation hall, at 8:15 pm.

The first section of the program will be comprised of a cantata by Buxtehude, "Jesu, Joy and Treasure." The two middle sections will be comprised of several folk songs, mainly by English composers, with one Flemish folk song. The fourth section includes a col-lection of short songs, "Songs of the Fleet", by Charles V. Stanford.

Soloists will be Garth Worthington and Jim Munroe.

Tickets for the performance are

unofficial green light in their efforts to allow out-of-province students to retain their license plates. The Administration did not realize insurance expires when license plates are changed and were not aware that Sask-atchewan allows out-of-province students to retain their licenses.

Following a suggestion from the Administration, Council supported a recommendation that the dining hall in the new residences be used to hold dances with the reservation this will not reduce the number of dances to be held in the skating rink of the Jubilee Gymnasium.

The faculties of dentistry and medicine and the school of physiotherapy will receive their share of the fifty cent levy charged against each graduating student to help cover the cost of the graduating lass's social functions.

A committee was formed to negotiate for the appearance of a big-name band for the next Homecoming Weekend.

Roberta Collett, phys ed 3, subbed for George Kinston, regular phys ed rep and Drina Hutchison sat in for arts rep, Lionel Jones.

From P. J. Clooney, NFCUS rep, during a debate centering around the use of the Jubilee Gymnasium by students' spouses, "Certainly a married man or woman cannot take part in team sport."
